Prob won't be dale cause she's moved on from her crisis comms role - am trying to get Bloomgren up there, cause he's taken that over for us.

Hey Brendan,

Shawn asked me to follow up on a conversation with the Administrator. As I understand it (from the several versions I have heard), she offered to send Dale Perry up to help us with expediting the Dimock messaging development and review process. Is that actually the case? Can you give me any update on that? Thanks.
